

## Are You Out of Control at the Annual Chili Cook-off?

Did you know that loss of control was a significant factor in over 30% of aircraft accidents in the states of Maine, New Hampshire and Vermont last year? This trend is characteristic of national accident statistics as well. Often these accidents occur during the approach & landing phase of flight. Loss of control accidents don't just occur in flight, they happen on the ground too. Don't miss this critical briefing on this very important topic.

Learn how to avoid becoming the next statistic! Click on the link below to see the details of the Annual Chili Cook-off and to reserve your seat TODAY! We'll see you there!

**Directions:** From US Route 1, follow Rt 144 1/2 mile, turn right onto Chewonki Rd, 1/4 mile on left. Seminar will be held in tan colored terminal building. Additional parking is available further down Chewonki Rd in lot with airport beacon.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

### Event Details

**Sat, Mar 16, 2013 - 10:00 am**
